The time limit from 10pm to 6am may also be addressed by our PM Watch as well. They are on duty until 0200 am. I will loop in the Sergeants from those squads as well. Their information is below. Should you see a need or issue to be addressed, they can help you as well. Feel free to share any information or questions you may have with them. They are a great team to work with. If we work closely together, I think we can all make a dent in this issue and make things better in your area. Regards.

Brian,
Thanks for your help and that of the department.
I have spoken to Sgt. Grey before and I realize that resources may be stretched in the early morning hours.
There is the 2 hr. parking restriction in place from 10pm to 6am to give your officers some leeway with their patrols.

I will follow up with Ofc. Paul Jordan on LAMC 85.02.

Thanks!

If they are living in the vehicles, it makes our job even harder, as that portion of the equation is an LAPD issue. I just was not up to speed on LAMC 85.02, whether the LAPD is enforcing the ordinance to prohibit living in the vehicles in certain areas.

Brian,

This is in reference to LAMC 85.02 which has been revised to allow persons use their

vehicle for dwelling with the exception of being less than 500 ft. from schools, day-care facilities or parks.

Perhaps Ofc. Paul Jordan will weigh in on the nuances of this ordinance (cc'd here), but my understanding is that there are individuals dwelling in these RVs. I will follow up with him if you like.

These motorhomes have been in the area for months and are gradually growing in number.

Because of the No Parking Monday and Tuesday 12pm - 3pm for street sweeping, many of these motorhomes choose to ignore the other No Parking due to street sweeping Monday - Friday from 4:00am to 6:30am posted signs that are on McCadden just north of Romaine St. and they move there.

They have been able to avoid parking tickets since your enforcement for Hollywood is less during these early morning hours.

If you could perhaps get enforcement to check, particularly Monday and Tuesday early am on the 1000 to 1050 block of McCadden, that would be very helpful.

To add insult to injury, when I looked on Google Maps to see the signs at the location, guess who's motorhome is in the picture? I feel your pain.

Hi Brian,

Thanks for the info and staying on top of this. I will follow up as you suggest.

As you may know, a collection of RVs, in addition to parking violations, seem to attract encampment issues in any neighborhood.

This is what we are trying to prevent as well allowing more parking for our businesses and the ability of street sweeping to do their job.

Today at 1pm, there is a Pace Arrow RV in violation of being 500 ft from Bancroft Middle School at [6700 Romaine](#), just east of Highland.

Perhaps Parking Enforcement could check on this while they are in the area for the Highland Ave No Parking/Tow away ticketing that they do from 3pm to 7pm?

Capt. R.C. Smith,
I reported parking violations of M - F 4am to 6:30am Street Sweeping to Parking Enforcement of the 6 vehicles pictured below at 4:05am this morning.
They are parked on the east side of McCadden Pl. from 1040 to 1000.
These vehicles have been violating parking ordinances in the neighborhood for months.

What is the procedure for repeated parking violations that would lead to the

vehicles in question being towed?

Thanks!

Captain Smith and Ofc. Jordan,
I was up at 6:30am this morning and noticed a few RVs and vehicles with parking tickets on them on Romaine.
No sure if it was for the Within 500 ft. of a school or 2 hr. Parking only between 10pm and 6am restrictions, but thank you for your attention to this matter.
The motorhomes will undoubtedly return but your diligence has prevented an encampment issue that was starting to blossom.
Please keep up the good work.

Thanks!

Captain Smith,

I am business owner in Hollywood and a Board member of the Hollywood Media District. We have a severe parking problem in our District which affects many of our businesses.

I recently attended a Safety meeting of ours in which Ofc. Eddie Guerra encouraged me to contact you about a persistent parking problem with several motorhomes that are *always* parked in our vicinity.

I should mention that I personally reported several violations in the past, both to Parking Enforcement Dispatch and to Sgt. Bailey-Grey.

The 5 or 6 motorhomes in question are parked between 6500 and [6800 Romaine St](#), between Highland Ave and Seward St.

They are in violation of several ordinances:

1. Within 500 ft. of a school (Bancroft Middle school) (3 RVS)
2. 2 hr. parking between 10pm and 6am (all of Romaine) (All 5 RVs)
3. Wastewater dispensed into buckets or containers (2 RVs)

The RVs in question as of today 10-19-17 at 5pm

1. Airbus CA 2XQK764 Tan with Burgundy stripes
2. Itasca Windcruiser CA 2CFW944 White with grey stripe
3. Southwind IN R488EK Tan with brown stripe
4. Winnebago CA 3ESP995 White with blue stripe
5. Dodge Itasca CA 2KYT634 Tan with brown and burgundy stripes

As I said, these vehicles are always in our vicinity and have been for several months,

We realize that your resources are thin during the early morning hours in particular but this has been a persistent problem for our businesses and the nearby school for more than a year.

Please have one of your officers come out to issue parking tickets to help us out - this is encouraging a homeless and health problem in our neighborhood.

Thank you,

Ron
